Record Supplement.

We issue to-day, in addition to our regular morning paper, a Supplement to the RECORD, containing editorial and other reading matter, as well as the Registration Notices showing where the Registry Agents are to be found, and the candidates announced.

THE CONVENTION.

To-day the Liberal Republican and Democratic County Convention will assemble in Pioche. Upon this body devolves the grave and important duty of selecting fitting and trustworthy candidates to represent their party before the people. In the selection of these gentlemen it is to be hoped that the Jeffersonian requirements of honesty and capability will be strenuously insisted upon. Let the Convention nominate candidates who, from their past record and present position, will give assurances of future well-doing and lend strength and dignity to the ticket. Let no consideration of personal feeling either for or against any particular individual prevent the nomination of gentlemen who from their known integrity and ability will enable the party to confidently appeal to a generous people for their support. We feel sure that this will be done. We are confident that the Convention will allow no other consideration or object to control it than the selection of candidates who will merit and receive the support of a large majority of the voters of this county. The approaching election is no ordinary one. While the affairs of the nation at large are engrossing so greatly the attention of the public, yet due time and consideration must be given to local matters which, in an isolated community like this assume an importance scarcely subsidiary to assisting the great cause of national reform. To secure success for our candidates they must be chosen with discriminating wisdom. The presence of weak or unpopular names on a ticket, even for offices of minor importance, frequently endangers the success of the whole. In the present we have no fear that the Convention will fall into this grievous error. In the ranks of the Liberal Republicans and the Democracy there is abundance of material from which to choose candidates who will command the respect and confidence, not only of their own party, but of their political opponents. The following is the list of offices for which nominations are to be made: One Senator for the long term, one Senator for the short term, three Assemblymen, Sheriff, County Clerk, District Attorney, Treasurer, Recorder, Assessor, Superintendent of Schools, Coroner (ex-officio Public Administrator), Surveyor, and two County Commissioners—one for two years and another for four years.

BREACH OF PROMISE.—Mayor Kalbfleisch of Brooklyn, who is familiarly called the "Honest Old Dutchman," has or rather had fallen into the net spread for him by the wiles of a Delilah, and promised to marry her. Soon afterward the honest old Dutchman found out, or thought he found out, that his intended was "a hard nut," as he ungallantly styled her, and refused to carry his promise into effect. The result of all this is that the "hard nut" has sued him for damages, and the honest old Dutchman is mad and swears that women will not do, to bet on, especially if they happen to be "hard nuts."

JAPAN.—Affairs in this country have suddenly become very much mixed, and the progress in reforms and the encouragement of foreign intercourse, especially of American influence, seems to have been brought to a full stop. It also appears from the failure to negotiate a loan in the United States to furnish capital for a national bank that Great Britain has acquired a vast financial influence, as the Oriental Bank has supplied the needed capital.

Speaker Blaine denies any complicity in the Union Pacific frauds. While he is on the confessional would it not be well for him to develop the means whereby he has become so wealthy in the last few years while serving as Congressman and speaker? Certainly the pay of his official position, after deducting his expenses for living at the National Capitol, cannot have been sufficient to amass so large a fortune.

BARRE BELL.—The Virginia and Carson nine have beaten their Marysville opponents by a score of 58 to 20.

Two-thirds of the treasure lost by the burning of the America in Yokohama harbor, has been recovered.

The Mormon Conference is in session at Salt Lake City.

THE EASTERN ELECTIONS.

We must confess that the telegraphic intelligence of the result of the elections in the Eastern States has greatly disappointed us. We could not but believe that a majority of the people of such States as Pennsylvania and Ohio would join in the efforts to drive from power a more corrupt Administration than has ever before disgraced the United States. But the power of the Government, its patronage, and the gold of the Treasury were used with an unsparring hand, and by these means, base as they are, have the hopes of the wise and patriotic for the time suffered a defeat.

At the time of this writing the result in Indiana is still doubtful, and we shall not until compelled believe that the people of the Hoosier State have turned their backs on so pure a patriot and able a man as Hendricks. Ohio gives partial gains, and an increase of the number of Democratic Congressmen from that State may be expected.

Distasteful as is the news, the present reverses should only stimulate the Reformers of Nevada to perform more resolutely than ever their duty to carry the State for their champion, and to see that it is not again misrepresented in the Senate of the United States by a mere lackey of the White House.

Telegraphic Dispatches.

SPECIAL TO THE POCHE DAILY RECORD

EASTERN.

Salt Lake, Oct. 9, 11:30 a. m.—The Chicago Times of this morning summarizes the elections of yesterday thus: The Republicans carry Pennsylvania, Ohio, Indiana and Nebraska, and Greeley's defeat in November is inevitable.

The N. Y. Tribune says the Liberals have been cheated out of Pennsylvania, but have gained largely in Ohio, and so far we have heard nothing discouraging from Indiana. The probabilities are that the Liberals have lost all the State officers and gained in Congressmen.

KENNER.
Salt Lake, Oct. 9, 3:30 p. m.—The Democrats have lost Pennsylvania by heavy odds, Ohio by 15,000, Nebraska by 5,000, and Indiana is still in doubt, with strong probabilities of a Republican victory.

The Democrats gain at least two and perhaps four Congressmen in Ohio, one in Indiana, and hold their own in Pennsylvania.

NEW YORK. Oct. 8.—A special to the Tribune from Philadelphia says Hart-raft's majority in that city is 16,000. The Liberals can stand this still win.

Cincinnati, O., Oct. 8.—The election passed off quietly. A very large vote was polled in the city. To-night immense crowds of people are in the streets awaiting dispatches. Unofficial reports coming in from the city show steady Democratic gains, and the indications are that Banning (Liberal) is elected.

In the 2d District the Democratic candidates are generally elected.

Columbus, O., Oct. 8.—At the Republican headquarters it is claimed that the reported and unreported gains will leave the majority about as last year.

The following districts elect Republican members of Congress: 3d, John Q. Smith; 4th, L. B. Gunick; 6th, Isaac R. Sherwood; 8th, Wm. Lawrence; 9th, Jas. W. Robinson; 10th, Chas. Foster; 11th, H. S. Bundy; 15th, W. P. Sprague; 16th, L. Danford; 17th, L. D. Woodward; 18th, Jas. Monroe; 19th, J. A. Garfield; 20th, R. C. Parsons. The following elect Democratic members: 1st, Milton Saylor; 2d, H. B. Banning; 5th, J. C. Lamson; 7th, J. T. Neal; 12th, Hugh J. Jewett; 13th, M. J. Southard; 14th, John Berry.

Philadelphia, Oct. 9.—The total Hart-raft majority in Philadelphia is 15,223, with two wards to hear from, which last year gave 1,044 Democratic majority. The Third Ward of this city gives Buckalew 472 majority, and the Twenty-fifth Ward gives him 629. The total majority in the city foot up as follows: Hart-raft, 19,209; Buckalew, 3,386. Hart-raft's majority, 15,823.

Cincinnati, Oct. 9.—All the precincts in the First Ohio District are in but one. Saylor, Dem., has a majority over Eggleston of 3,974 for the short term. In the same district Dods, Dem., has a majority over Taft of 2,365. In the Second Ohio District two precincts give Banning, Liberal, a majority over Hays of 1,490, which will be reduced to about 1,300; and Willey, Dem., for Secretary of State, has a majority over Wikoff of 5,720, which will be about 5,600 when the returns are all in.

Chicago, Oct. 9.—The Tribune concedes Pennsylvania and Ohio to the Republicans, but claims Indiana as doubtful.

Columbus, O., Oct. 9.—The State Republican Committee claims Ohio by 15,000 to 18,000, and twelve if not fourteen Congressmen, leaving the Democrats seven.

In Indiana the Republican State Central Committee claim the State as certain, but incredulous Democrats still bet on Hendricks.

New York, Oct. 9.—O'Connor in a letter to James Lyons, Richmond, Va., says he has not indicated an alteration of his resolve not to be a candidate.

The Republicans fired 100 guns over the election victory.

Philadelphia, Oct. 9.—Forney's Press says Greeley's doom is sealed; that Grant pulled the ticket through, as the fear of damage to him in November caused thousands to vote for Hart-raft. Forney will support Grant. Congressional delegation will be eighteen Republicans and nine Democrats.

The Arizona Miner says: It will be ten years since we first arrived in this Territory, and, in looking back over our long residence here, memory fails to point out one week in which one or more white men have not been murdered by Indians, and in which valuable property has not been stolen or destroyed by the same people.

An American found himself "dead broke" in Mazatlan and hired out to drive the stage between that place and Culiacan. He followed this business four months, and during that time the stage he drove was stopped and robbed eleven times. Mexico must be a nice country to travel in.

A SPLENDID VILLA.

Oakland, from its delightful situation and genial climate, has become a favorite point for those who have been blessed by fortune with means sufficient to erect handsome villas with elegant and costly surroundings. Many well known Nevadans are settling there, and among them we find Gen. A. L. Page, the President of the Pioche and Bullionville Railroad. The Oakland News gives an elaborate description of a splendid mansion that the General is now building in that city. The designs and plans are furnished by an eminent San Francisco architect, and combine elegance with utility. While the exterior will commend itself to the eye by its symmetry and artistic taste, the interior will be replete with every convenience that modern skill and ingenuity can devise. While we congratulate the General on his liberal spirit in erecting so handsome a building for use as a residence, we trust that he, with his excellent lady, will be spared for many years to enjoy the delightful home that his unremitting industry and perseverance have enabled him to provide.

NEWS ITEMS.

The Salt Lake Tribune advises the immediate prospecting of Northern Utah. The Catholic fair at Eureka has been very successful; so says the Sentinel.

The corner stone of the new Masonic Hall at Reno was laid on the 15th inst. The new furnace of the Phoenix company at Eureka, has just been fired. It will smelt 50 tons of ore per day.

The miners of Dry Canyon, Utah, have christened their settlement with the name of Monoville.

Two steamships are being constructed in England to ply between that country and France.

H. Crandall, the Republican candidate for Treasurer in Storey county, has withdrawn. E. Nye has been nominated in his stead.

A correspondent of the Arizona Miner speaks in most encouraging terms of the prospects of Hualapai district.

Many marine disasters occurred on Lake Huron during the late storm in that region.

The Alps are to be pierced with a tunnel, which will be nine miles long and is to cost \$10,000,000.

It is reported that Gen. W. T. Sherman will take up his residence in Portland, Oregon.

The Emma mine in Cottonwood Canyon is producing 100 tons of ore per day.

San Francisco is now rejoicing in the performance of two superior opera troupes.

The Utah Territorial fair is said by the Salt Lake papers to be quite a success.

The proceeds of the labor of the State Prison convicts for the month of Sept. amounted to \$619.93.

A large quantity of mill and hoisting machinery has been shipped from San Francisco for Silver Mountain district.

The State Register says that the business time in Carson City is after night-fall, and intimates that during the day it is dull indeed.

The total coinage at the San Francisco Branch Mint last month was \$1,264,500. The coinage of silver dollars was a novel feature.

The Pacific States of Mexico are blessed with a profusion of copper dollars, worth in intrinsic value just ten cents.

The jury in the Fair case are busy defending their verdict and it takes all their time without achieving much of a success.

The Ingersoll power drill is being used at the Highland Chief mine, Big Cottonwood. It is claimed that it will do the work of six men.

Thos. A. Seaton has withdrawn as a candidate for the Assembly from Lander county. Thos. J. Tennant will take Mr. Seaton's place on the Republican ticket.

From an article in the New York Times it appears that as a class the seamstresses of New York are in a wretched condition, earning only an average of \$6 per week.

The most suspicious matter connected with the diamond excitement is that the Arizona papers, which would seem most likely to encourage the movement, appear to ridicule the whole affair.

Medical practitioners in Salt Lake City are required by the city ordinances to undergo a professional examination and procure a certificate of competency before they are allowed to practice medicine in that city.

Adela Castro, a young lady who started from Oakland for Austin has not been heard of, and her friends are in much distress about her. Any information concerning her will be thankfully received by N. Barovich, Austin.

An unfortunate American girl recently committed suicide in London. She was without money or friends, and in despair ended her life before she was twenty years old. Her name was Alice Blanche Oswald.

The New York straight out Democratic State Convention recently held at Albany numbered just 27. The Granites had better remember Voorhees' advice "that if they wanted to vote for Grant they had better do so without holding any tomfool convention."

An undertaking is projected to supply San Francisco, and intervening country, with water from the Blue Lakes, situated in Alpine county, ten miles from Silver Mountain. In connection with the water project is that of a narrow gauge railroad, an undertaking of great importance to the people of the eastern slope of the mountains.
